Background

Spectra SN Tex Ltd. is a garment sourcing and buying-management company based in Dhaka, Bangladesh. For more than 30 years we have been working with the some of the top fashion houses, brands, importers and designers worldwide and world class factories. Spectra is committed to providing quality garments by attaining excellence in product development and production, with quality workmanship and application of innovative garmenting & textile technology. Spectra is managed by a dedicated team of highly experienced professionals and efficient management. We only work with the top performing factories and vendors. Our affiliated factories conform to high ethical standards, social & safety compliance regulations, and whose products conform to high internal standards.

Our values: hard work, creativity, transparency, honesty, collaboration, social responsibility and continuous improvement. We offer skills, learning and job opportunity to those who are forward thinking and willing to grow and improve themselves and to those who are determined to contribute towards the development of the organization and in the development of the nation and its people.

Nature of Business

Apparel sourcing, buying, management & exports, seeds & agro items, health care services, real-estate and Upvc windows & doors.
